

UEP Series

Ambient Temperature Range : 50°C ~ 150°C

UEP Series protector is economical and versatile protection device for much application such as lighting ballast, motor and transformers.

Unix Tech's Thermal protector is offering a series of high technology snap action thermal protectors designed for a cost effective solution for protection in motor, transformer and lighting applications. With PBT Plastic case, it can be successfully meet for varnish and vacuum impregnation process.

Feature

- Heat resistance PBT plastic case
- Suitable for varnish & vacuum impregnation process
- Friendly-Environment towards RoHS.
- Ultra compact design
- Accurate and quick switching action
- Stocking program available

Electrical Ratings

- 16 VDC/ 2 AMPS
- 125 VAC/ 8 AMPS
- 250 VAC/ 5 AMPS

Temperature Range

- Available with nominal temperatures from 50°C to 150°C. Standard Tolerance $\pm 5^{\circ}\text{C}$.
